PROJECT DESCRIPTION

What is your vision for your piece?

How does your work represent the Naples area?

Where do you think an ideal location would be for your project and have you made certain it can go there?

Is this a group project and if so, who is a part of your collective team?

Please provide a drawing, sample of your work or photograph of proposed work. The more detail the better! This portion will hold the most weight as we consider whose project will be best suited for the Village/Town.

Thank you very much for participating by submitting this application... we wish you the best as you create your Art For The Ages Project!
